*Veteran Talent. Mission-Driven Excellence.
Your Next Competitive Advantage.*

WHY PARTNER WITH US?

Veterans bring leadership, teamwork, and problem-solving skills that drive business success and strengthen your workforce. Partnership with Veterans Bridge Home connects your organization with **highly trained, disciplined, and motivated** service members, veterans, and military spouses.

VBH works with employers as consultants on veteran engagement strategy. We work to understand **your organization's goals** and offer suggestions for what activities, awards, jobs or services you could provide to better **attract and retain** the veteran population.

VBH takes a consultative approach to ensure the suggested programming is in line with the company's overall objectives. We have a proven process of engagement that allows us to track progress for the duration of the plan and provides benchmarks for success. **We offer these services free of charge as part of our mission to support transitioning servicemembers and their families.**

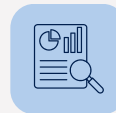

Our team is committed to a successful partnership with your organization through communication, workforce development experience, and a strong commitment to **building stronger communities, one veteran at a time.**

WHAT EMPLOYERS ARE SAYING

"We are grateful to be part of this meaningful collaboration alongside our partners at Veterans Bridge Home. Supporting our military members, veterans, and their families as they navigate the next step in their careers is both a privilege and a responsibility we take seriously."

"VBH has an awesome playbook for veteran engagement within employers, but like any playbook, you can't just open it up and run all the plays at once. You need to know the right scenario to run any particular play. Their events help uncover these play-calling situations and spread the best execution."
